Maricopa County Recorder Elections

- Voter Registration Basics
- Citizenship Requirements
- Filling out the State and Federal Voter Registration Form
- Insufficient Forms
- Information Resources

# The Basics:

- Registration deadline is 29 days before each election.
- Voters may register at anytime—but if it is after the 29<sup>th</sup> day they are not eligible to vote in that election.
- Voter moved from within AZ after 29<sup>th</sup> day: They will need to request a ballot from their former county.
- Voter moved from out of state after the 29<sup>th</sup> day: in a Federal Election the voter will want to contact their previous election's office and find out what that state's policy is (voters who move from Arizona to another state after that state's deadline can request Federal Only Ballot be mailed to them).

# The Basics:

- We request that individuals registering voters turn in the registration forms to the County Recorder/Elections office within 5 days of their completion. (This is the legal requirement for all government agencies.)
- There are 4 election dates a year and if you don't turn in the registration forms you can disenfranchise voters!
- Please be timely.

# The Basics:

- Requirements to register to vote:
  - United States Citizen
  - ***Resident of the State of Arizona and the County listed on the registration***
  - 18 years of age or older by the date of the next General Election

# Residency

- The residency requirement to register to vote is that you are here and registered by the 29<sup>th</sup> day before the election and have intent to remain.
- However, there are other state residency requirements that need to be taken in to consideration when deciding if the person wants to register here.

# A.R.S. § 16-593

A. The election board, in determining the place of residence of a person, shall be governed by the following rules, so far as applicable:

1. The residence of a person is that place in which his habitation is fixed and to which he has the intention of returning when absent.

2. A person does not gain or lose his residence by reason of his presence at or absence from a place while employed in the service of the United States or of this state, or while engaged in navigation, or while a student at an institution of learning or while kept in an almshouse, asylum or prison.

3. A person does not lose his residence by leaving his home to go to another county, state or foreign country for merely temporary purposes, with the intention of returning.

4. A person does not gain a residence in any county into which he comes for merely temporary purposes, without the intention of making that county his home.

5. If a person removes to another state with the intention of making it his residence, he loses his residence in this state.

6. If a person removes to another state with the intention of remaining there for an indefinite time, and of making the place his present residence, he loses his residence in this state, even though he has an intention of returning at some future period.

7. The place where a person's family permanently resides is his residence, unless he is separated from his family, but if it is a place of temporary establishment for his family, or for transient purposes, it is otherwise.

# Residency & MVD

- In order to register to vote the applicant must be a resident.
- If registered to vote in Arizona they are also required to register their vehicles here & get an Arizona Drivers License.
- From MVD website/A.R.S.§§ 28-2001:

If I am registered to vote in Arizona, am I required to register my vehicles in Arizona as an Arizona resident?

Yes. If you are a resident of Arizona, you must register your vehicles in Arizona. A resident, for the purpose of registration and operation of a motor vehicle, is defined as:

- A person who, regardless of domicile, remains in this state for an aggregate period of seven months or more during a calendar year.
- A person who places children in a public school without payment of nonresident tuition.
- A person who declares that the person is a resident of this state for the purpose of obtaining at resident rates a state license or tuition fees at an educational institution maintained by public monies.
- A person who engages in a trade, profession or occupation in this state or who accepts employment in other than either:
  - Seasonal agricultural work.
  - Temporary seasonal work for a period of not more than three months if the state in which the temporary seasonal worker is permanently domiciled has a similar exception.
- An individual, partnership, company, firm, corporation or association that maintains a main office, a branch office or warehouse facilities in this state and that bases and operates motor vehicles in this state.
- An individual, partnership, company, firm, corporation or association that operates motor vehicles in intrastate transportation, for other than seasonal agricultural work.
- A person who is registered to vote in Arizona.

Live here more than 7 months out of the year = vehicle registration.  
Register to vote here = vehicle registration.

# Residency & MVD

## 28-2001. Definitions

A. "Resident", for the purpose of registration and operation of motor vehicles:

1. Except as provided by paragraph 2, means the following:

(a) A person who, regardless of domicile, remains in this state for an aggregate period of seven months or more during a calendar year.

(b) A person who engages in a trade, profession or occupation in this state or who accepts employment in other than either:

(i) Seasonal agricultural work.

(ii) Temporary seasonal work for a period of not more than three months if the state in which the temporary seasonal worker is permanently domiciled has a similar exception.

(c) A person who places children in a public school without payment of nonresident tuition.

(d) A person who declares that the person is a resident of this state for the purpose of obtaining at resident rates a state license or tuition fees at an educational institution maintained by public monies.

(e) An individual, partnership, company, firm, corporation or association that maintains a main office, a branch office or warehouse facilities in this state and that bases and operates motor vehicles in this state.

(f) An individual, partnership, company, firm, corporation or association that operates motor vehicles in intrastate transportation, for other than seasonal agricultural work.

(g) A person who is registered to vote in this state.

2. Does not mean:

(a) A nonresident owner of a foreign vehicle that is registered and licensed in a state adjoining this state and that is used in this state for other than the transportation of passengers or property for compensation, if the nonresident owner and vehicle are domiciled in an adjoining state but within twenty-five miles of the border of this state and if the state in which the owner resides and in which the vehicle is registered exempts from payment of registration and weight fees like vehicles from this state, regardless of whether the nonresident owner engages in a trade, profession or occupation in this state or accepts employment.

(b) An out-of-state student enrolled with seven or more semester hours regardless of whether the student engages in a trade, profession or occupation in this state or accepts employment in this state. For the purposes of this paragraph, "out-of-state student" means either:

(i) A person who is enrolled at an educational institution maintained by public monies and who is not classified as an in-state student under section 15-1802.

(ii) A person who is a student at a private educational institution and who would not be classified as an in-state student under section 15-1802 if the student were attending a public educational institution.

(c) A nonresident daily commuter as defined in section 28-2291.

# Ask the voter:

- Keeping DL from another state?
- Keeping car registered in another state?
- Do they intend to return to the other state?
- Then not a resident—apply to vote absentee from your home jurisdiction.

# Snowbirds

- If here for more than 7 mos (or have the intent to remain) they are considered residents; less than 7 mos they can still register, but need to update DLs & change over vehicle registrations (A.R.S. §§ 28-2001).
- Also negates registration in other state—they need to provide that on the registration form.

# Students

- School year is 9 mos long at most colleges/universities, qualifying them as residents to register to vote in Arizona if they intend to stay in Arizona—also need to get AZ DLs & register their vehicles here (if they are the owner-- A.R.S.§§ 28-2001).
- Claiming residency can impact some student's scholarship/grants/aid situations from their home state so students should be sure they want to vote here and not back home.

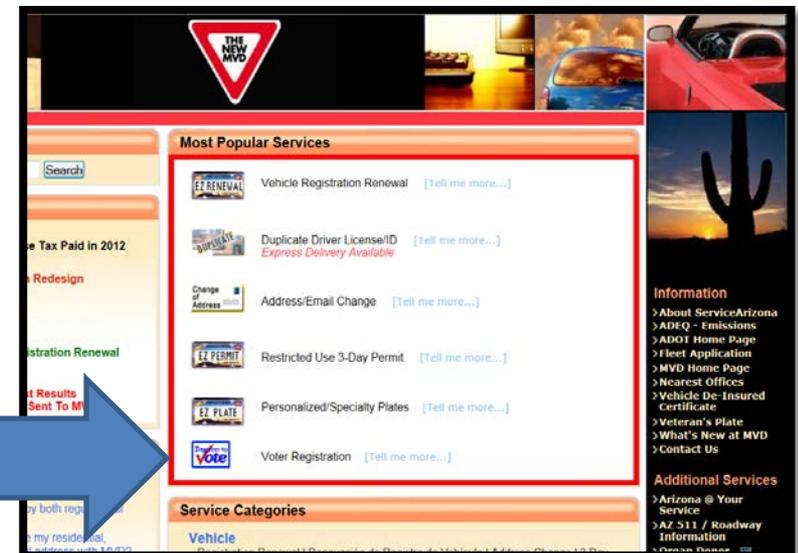

# The Basics:

- **Cannot** register if:
  - Not a United States Citizen (permanent resident **does not** qualify)
  - Convicted of more than 1 felony and have not had civil rights restored. (If it is the first conviction, the individual may re-register once all probationary requirements are met. Rights are not automatically restored if it is the second felony conviction or more, the court must be petitioned. )
  - Adjudicated incompetent and have not retained their civil rights.

# Paper or Plastic?

- Voters in Arizona can register to vote using:
  - Paper Arizona State registration form
  - Online Arizona State registration system
  - Paper Federal registration form
- Military & Overseas voters register using:
  - Federal Post Card Application (FPCA)
  - Federal Write-in Absentee Ballot (FWAB)

You may obtain a printable Federal Voter Registration form (U.S. Election Assistance Commission) in English, Spanish, Chinese, Japanese, Korean, Tagalog, or Vietnamese at [www.eac.gov/voter\\_resources/register\\_to\\_vote.aspx](http://www.eac.gov/voter_resources/register_to_vote.aspx).

# The Basics:

- The four recognized parties in Arizona for 2013 are the Democratic, Green, Libertarian, and Republican Parties.
- Registrants **do not** have to select a party preference. If they fail to do so, or select a party other than one of the four recognized parties, in the Primary Election they can select a ballot for the party of their choice—this does not change how they are registered.

# The Basics:

- Individuals in the naturalization process **CANNOT** register to vote until they have obtained citizenship status.
- Registering to vote when not a citizen jeopardizes the individuals chances to **EVER** become a US citizen.
- Executing a false registration is a Class 6 Felony.

# Prop 200

- Prop 200 was a voter initiative passed in the General Election of 2004.
- It requires voters to provide proof of *CITIZENSHIP* to register to vote & proof of *IDENTITY* to vote at the polls on Election Day.
- Voters already registered were not required to re-register.

# What has changed with Prop 200 for the Arizona State Registration Form?

- NEW registrants to Maricopa County must provide *proof* of citizenship on the State Registration Form.
- If a voter is registered in the county and is updating registration (with new name, address, political party, etc.) they DO NOT have to provide citizenship documentation.
- If the registrant is unsure if they are already registered, it is to their benefit to include the documentation in case they are not registered.

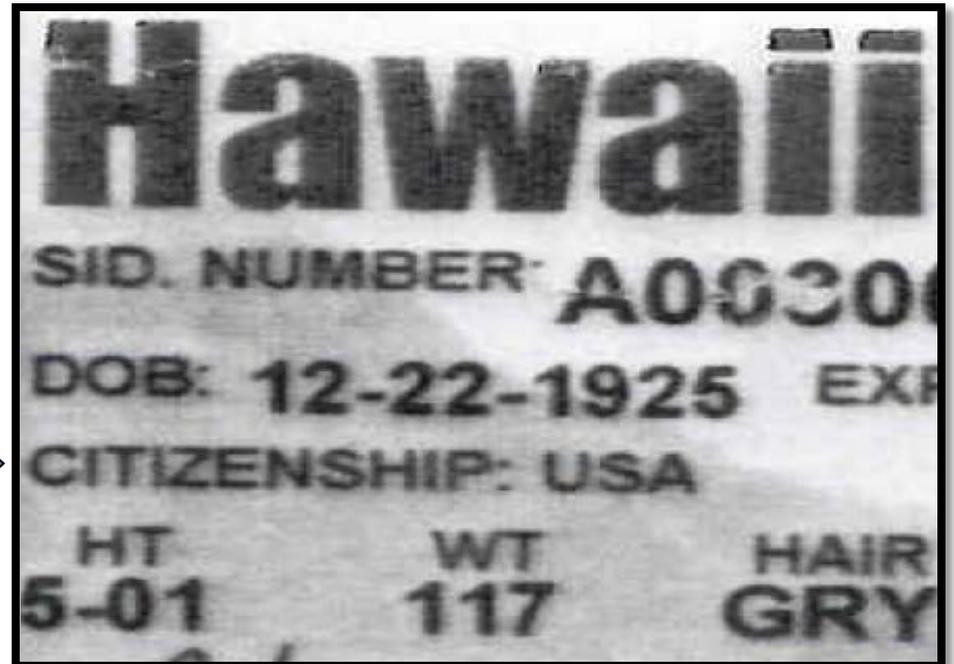

# Proper *Citizenship Identification:* Copies to provide

- a driver license or nonoperating license from another state within the United States if the license indicates that the applicant has provided satisfactory proof of citizenship
- the registrant's Bureau of Indian Affairs Card Number, Tribal Treaty Card Number, Tribal Enrollment Number, or Census Number

To date, Hawaii  
is the only state  
we are aware of
